PERSONALIZE YOUR POOL

PUT THE POWER OF COLOUR TO WORK WITH SPECTRAVISION®

Imagine, immersing yourself in the rich, deep and glowing colours of a **SPECTRAVISION®** lighted pool.

SPECTRAVISION® transforms any pool into a night time oasis of glowing colourful warmth by combining the vibrance and brilliance of LED with the soothing effects of colour.

The **SPECTRAVISION ADAGIO** light can also give three different kinds of white light :

- sun white
- neutral white
- warm white.

You control the mood with a simple push on a button. Create an environment of tranquillity, a romantic get away or a fun family entertainment centre all with the SPECTRAVISION lighting system.

SPECTRAVISION colour light with high ground breaking light output.

The new patented **ADAGIO** pool light includes the popular **SPECTRAVISION** LED technology.

Together with Philips, the industry leader in LED technology, this light has been developed to produce industry leading high light output: more than **3500 lm in colour** and more than **8000 lm in white**.

The new light is amazingly thin and does not need a niche. It can be mounted in a standard inlet fitting.

SPECTRAVISION ADAGIO

CHANGING COLOURS FOR YOUR SWIMMING POOL

The right atmosphere for any occasion

A NEW LIGHT ON SWIMMING POOLS

Colours and tastes differ. That is why the Spectravision Adagio lamp offers you 7 fixed colours to choose from. With just one click on the remote, you can give your swimming pool a totally different look.

- **Deep Blue Sea.** The deep blue colour makes the water irresistible!
- **Daylight Blue.** A bright-blue brilliance, as if a beautiful day never came to an end.
- **Sunset.** The orange gleam of the setting sun gently rippling across the water.
- **Love is in the air.** Soft, red tints for an unforgettable tête-à-tête by the water.
- **Forest Spring.** Garden and swimming pool unite as one with this fresh, green look.
- **Think pink.** Would you like to try something daring? With lilac and pink, all eyes will unquestionably be on your water show!
- **Sunshine.** A warm yellow sun that shines whenever you want it to shine.

SWIMMING IN A SPECIAL ATMOSPHERE

Do you find all Adagio colours beautiful? In that case, perhaps you want to choose them all? Thanks to Spectravision's technology, you can seamlessly switch from one tint to another, creating a spectacular ocean of lights and atmosphere!

ANIMATED WATER FUN

Time for extra fun by the water!

Adagio also offers you 4 surprising modes with fascinating plays of light and colour.

- **Jungle.** Pure nature! Beautiful safari colours slowly mixing together. Only the crocodile is missing...
- **Voodoo.** A slow dance of somber shades creates a mystical atmosphere around the swimming pool.
- **Disco.** Explosive water fun with these rhythmic, swirling and flashy colours.
- **Party.** Go wild in the "swinging swimming pool"!

AN OCEAN OF WHITE

Do not just call white "white". With three nuances of white, Adagio creates a totally different atmosphere in and around the swimming pool.

- **Sun white.** The stunning white of a hot southern summer day. Do you have your sunglasses at your fingertips?
- **Neutral white.** A nice, even and sober light embellishes your swimming pool in the garden.
- **Warm white.** Some extra red in the colour composition creates an astonishing warm and soft white tint.

CHOOSING YOUR DESIRED MODE IS CHILD'S PLAY!

With Adagio's handy remote, making your choice is very easy. White colours can be selected directly with one click on the button. Via the arrow buttons, you can scroll through the different modes with fixed colours and animations. Even children can use it straight away.
